Education

KIET Group of Institutions

Bachelor of Technology in Electronics and Communication Engineering | Ghaziabad, India

- GPA: 8.8/10.0

Indraprastha International School

Intermediate(CBSE Board) | Muzaffarpur, India

- Percent : 72

Experience

Web Development Intern

July 2023 – August 2023

TechnoHacks EduTech

- Completed a one-month internship as a Web Developer, focused on React.js projects
- Built a personal portfolio, a calculator, and a registration form with responsive design
- Gained hands-on experience with React concepts, including routing, state management with Redux, and component architecture
- Collaborated in a professional environment, enhancing communication and problem-solving abilities

Projects

ToDo Web App

[shubh1272/ToDo](#) 

- Developed a To-Do application using React, with persistent data storage utilizing local storage
- Implemented CRUD (Create, Read, Update, Delete) functionality to manage tasks efficiently
- Demonstrated understanding of component-based architecture and local storage for data persistence in a React environment

Weather Application

[shubh1272/WeatherApp](#) 

- Built a Weather Application using React, integrating real-time weather data via API calls
- Gained experience with RESTful APIs, handling data fetching, and managing asynchronous requests in React
- Designed an intuitive user interface to display dynamic weather updates based on user location

YouTube Clone

[shubh1272/YouTube Clone](#) 

- Created a responsive YouTube homepage clone using HTML and CSS, replicating layout and styling elements
- Developed a pixel-perfect design, demonstrating attention to detail and accuracy in web layout replication
